Diazinon: For all lawn, garden and turf uses, manufacturing stopped in June 2003; all sales and distribuion to retailers ends in August 2003.

Insecticides containing active ingredient esfenvalerate had their registrations cancelled July 2008 and methoxychlor had all tolerances cancelled in 2002. Endosulfan (Thiodan) and dimethoate (Cygon) have similarly been cancelled for home garden use.
